Eris Live Markets Excel Addin

Installing the Eris Excel Add-in

1. Download the Eris Live Markets MS Excel Addin from the Eris FTP site:

   http://files.erisfutures.com/ftp/ErisMarketsAddin.xlam

2. Locate the downloaded file (most likely in your Downloads folder) and edit the file properties:

   a) Right-Click on the file and select "Properties"

   b) Select "Unblock" then hit "Apply", then "OK"

3. Keep the file in this folder and keep the folder window open – you will drag this file into the default Excel Addin folder in the next step of the install

4. Launch MS Excel, and select File → Options → Addins → Go

   a) In the middle of this window, at the bottom of this page is "Manage: Excel Addins"

   b) Select "Go", and the "Addins" window will open

   c) Click "Browse"; a file browser window will open – keep this window open and set to the side

5. Revert to step 3 above and drag the ErisMarketsAddin.xlam file into the Browse window opened in step 4c

6. The browser window in 4c is the default Addin folder, and it will now hold the Eris Addin file; click "OK", loading the Addin to your Excel

7. The Addins window will pop back up, and the "Live Eris Markets" Addin should now be loaded with the box checked, hit "OK"

8. The Eris Addin will appear in the top ribbon of the Excel Spreadsheet, which can now be closed

9. Download the sample Eris Live Markets spreadsheet from the Eris ftp directory:

   http://files.erisfutures.com/ftp/ErisLiveMarketsAddin_Sample_Sheet.xlsx

10. Click on the Eris tab in the Excel ribbon and make sure the Eris Addin is "Enabled"

11. The installation is now complete, and data should update in the sample spreadsheet. If asked to update data, select OK or Update.
